

Georgie D. Tyler Middle School Visual Art At Home Project

This is an interesting time in our community. We are experiencing world changing history right now. Our art assignment during our COVID-19 break is this:

I want you to journal about what you do during this time away from school. If you have it please do this assignment in your sketchbook. If not, this can all be done on regular notebook paper.
This project will have two steps:

Step 1.) Writing

You will write on Monday and on Thursday. You will need to write at least five sentences about what you did over the last few days. Monday's journal entry will cover Friday, Saturday, Sunday, and Monday. Thursday's journal entry will cover Tuesday, Wednesday and Thursday. If you just sleep, eat and play videogames I want to you write about it. What did you play? What did you eat? Did you play with a family pet?

Make sure you follow all your rules from English class. Capitalization, punctuation, and spelling will all count.

Step 2.) Sketching/Photography

After you write your journal entry, I would like you to draw a small picture about what you wrote about. It can be at the bottom of the page. We have been talking about using detail and setting in our Bell Ringer drawings to help tell a visual story this semester. Do not forget to use detail and setting to tell your story here.

Photography is optional. If you have a phone, tablet or camera you can use that to take a picture of anything you think is interesting during this time. When we get back together at school we will work to email or airdrop your pictures to me. Think of yourself as a news photographer and you are telling your story through the pictures you take.

You should have two journal entries for each week we are out. Everyone be safe and I cannot wait to read about and see what you did during this time.

See you soon,

John Gibson
